

TWISTED RIVER

MOSEL RIESLING
one grape, two different styles

Our Twisted River® brand was unveiled twenty-five years ago with the introduction of the semi-dry Riesling BIN 169.

The concept was simple: introduce a German Riesling with eye catching graphics, yet without all the complicated text and designations of a traditional German label.

The semi-dry BIN 169 Riesling was a big hit and was followed up one year later with the introduction of the Late Harvest Riesling BIN 488.

The brand evolved over the years with subtle changes to label graphics and design, with the color schemes – yellow and red – remaining, to help with brand recognition and identifying flavor profile. As with the original package, the BIN numbers reveal details of the wines themselves - the first two digits of the BIN number indicate the level of residual sweetness, while the last indicates the approximate level of acidity.

item	size	alc. by vol.	residual sugar	acidity	tasting notes
Riesling BIN 168	750ml	11-11.5%	16.6 gr/l	7.5 gr/l	<i>Pleasantly dry while still offering excellent fruit, with notes of yellow peach, crisp green apple and pear combining to form this delightful wine. Zesty acidity adds structure and helps maintain excellent balance.</i>
Late Harvest Riesling BIN 568	750ml	8-8.5%	56.9 gr/l	7.8 gr/l	<i>Delightfully sweet with nice concentration of fruit – ripe mango and tropical melon flavors – and accents of mineral and citrus. The bright core of acidity adds structure and depth while also providing excellent balance.</i>
